Joint Message from WBU and ICEVI Presidents

Maryanne Diamond
President, WBU

Lord Colin Low
President, ICEVI

Dear Friends and Colleagues:

In an effort to promote greater collaboration at global level between blindness organizations with similar aims, and get the most out of limited resources, the World Blind Union (WBU) and the International Council for Education of People with Visual Impairment (ICEVI) have agreed to hold their General Assemblies jointly in Bangkok, Thailand, this November.

Working together over many months and with our local hosts in Bangkok, we have planned what we believe is an exciting series of events between 8 and 18 November. We have constructed a program that will enable our members to come together and take advantage of the opportunities this creates for information sharing and joint activity. Some events are specific to WBU, some will be specific to ICEVI and there will be overlapping days that will be attended by members of both organizations. We want members from both organizations to feel welcome to attend the events of the other. We have also planned a joint Gala Dinner and technology exhibition which will showcase the latest in what is available for blind and partially sighted people.

On behalf of both WBU and ICEVI, we are proud to present this to you now in this program brochure.

We hope you are as excited as we are about this collaborative venture. We believe that it will provide an excellent opportunity for organizations of blind persons, for service providers and educators to come together for mutual sharing and learning and increased understanding. We have attracted some excellent speakers of international calibre for our joint sessions.

It gives us great pleasure to welcome all delegates, exhibitors and other participants, and we look forward to greeting you in Bangkok, whether you are coming for all events or only for some.

With warm regards,

Lord Colin Low
President ICEVI

Mrs. Maryanne Diamond
President WBU

Message from the Chairman, Host Committee

Senator Monthian Buntan
Chairman, Local Organizing Committee

Dear all,

As chairman of the Local Organizing Committee of the Eighth General Assembly of the World Blind Union and General Assembly of the International Council for Education of People with Visual Impairment (WBU-ICEVI 2012), I would like to welcome all of you to the Kingdom of Thailand (the land of smiles), and particularly, to Bangkok (the capital city with the longest name in the world, the city of angels, the city that never sleeps and the shopping paradise). We, Thai people, both sighted and blind, are very proud and honoured to be the host of the first-ever WBU General Assembly in Asia and the first-ever WBU-ICEVI (both world-class organizations in the blindness field) combined General Assembly. We are confident and will put our best effort to ensure that this historic event, under the theme “Achieving Our Vision through Empowerment and Partnerships”, will bring about synergetic and majestic change to what it means to be blind.

We are fully committed to provide you our one-roof integrated/ accessible/ inclusive services, including registration, transportation, information, accommodation and all other functions during the event, so

as to make this trip both useful and joyful. Whether you are here to attend serious meetings, to meet and make new friends, to establish or to strengthen networks, to catch up with new technologies, to enjoy social functions with great blind musicians and tasty Thai food or simply to enjoy touring around, our staff and volunteers will be ready to provide you with reasonable accommodations upon your arrival until your departure time. Please feel free to obtain information on how much we can offer in greater detail through our web site at <http://www.wbu-icevi2012.org> or from the participants' manual (available in accessible formats). Economically speaking, Thailand is not the richest country to visit, but we can assure that our genuine willingness to serve you in good smiley face will make you feel at ease throughout your stay so as to ensure full and effective participation by all in the meeting. Through such level of participation, we can prepare ourselves for a celebration of positive and successful outcomes.

Through genuine empowerment and partnerships among us, it is time to turn our common vision to reality. Friends, brothers and sisters, it is our greatest joy to have you here in this historic assembly, the one which will, hopefully, mark the beginning of an end to the "fear of darkness" (the most classic and long-term enemy of the blindness community). Finally, let me remind you again that Bangkok never goes to sleep and is always available for you. Please enjoy your productive meeting, relaxing and exciting stay in Thailand and a safe journey back home.

Thank you.

Senator Monthian Buntan
Chairman, Local Organizing Committee

Programme Details of EFA-VI (Education for All Children with Visual Impairment) - Strategic Planning Day

Saturday, 17 November 2012

9:00 – 5:00
Room: Queen's Park 2, 3

The objective of the day will be, through interactive discussion, to lay the foundation for developing detailed plans for implementing ICEVI's EFA-VI Strategy for inclusion of the educational needs of all children with visual impairment in national EFA plans. The aim will be to share and reflect on lessons learned from implementing EFA-VI and identify critical success factors, issues and challenges and effective strategies for addressing them. The discussion will be informed by drawing on the experience of those involved in implementing EFA-VI on the ground as well as the reactions of stakeholders internal and external to ICEVI and WBU. Participants will be provided in advance with a detailed programme and objectives for the day, a brief account of the background to EFA-VI and the latest version of the EFA-VI strategy, and an indicative

list of questions for discussion in break-out groups.
