Marrakech Treaty Ratification Campaign supported in part by a grant from the Foundation Open Society Institute in cooperation with the Information Program of the Open Society Foundations.

The World Blind Union's Right to Read campaign

Did you know?

- Only 5% of all published materials are produced in accessible formats like braille, large print or audio books
- Blind students find it hard to get accessible textbooks which can limit their education
- Due to current international copyright laws, accessible books cannot be shared between countries

Let's end the book famine.

Ratifying the Marrakech Treaty will cost nothing and makes millions of accessible books available for print-disabled readers worldwide.
